

Topic: Basic Multiplication Concepts.

Object: Introduce basic multiplication concepts through repeated addition and simple multiplication tables (e.g., 2x, 5x, and 10x tables).

Complete using the given graph:

1		$\dots + \dots + \dots = \dots$ $\dots \times \dots = \dots$
2		$\dots + \dots + \dots + \dots + \dots = \dots$ $\dots \times \dots = \dots$
3		$\dots + \dots + \dots + \dots = \dots$ $\dots \times \dots = \dots$
4		$\dots + \dots + \dots = \dots$ $\dots \times \dots = \dots$
5		$\dots + \dots + \dots + \dots + \dots = \dots$ $\dots \times \dots = \dots$
6		$\dots + \dots + \dots + \dots = \dots$ $\dots \times \dots = \dots$
7		$\dots + \dots = \dots$ $\dots \times \dots = \dots$

* Write the product:				
8) 2 <u>  x 1</u> .....	9) 2 <u>  x 3</u> .....	10) 2 <u>  x 5</u> .....	11) 2 <u>  x 2</u> .....	12) 2 <u>  x 8</u> .....
13) 2 <u>  x 4</u> .....	14) 2 <u>  x 9</u> .....	15) 1 <u>  x 2</u> .....	16) 5 <u>  x 6</u> .....	17) 7 <u>  x 5</u> .....
18) 10 <u>  x 5</u> .....	19) 6 <u>  x 5</u> .....	20) 10 <u>  x 9</u> .....	21) 8 <u>  x 10</u> .....	22) 10 <u>  x 3</u> .....
23) 10 x ... = 60	24) 5 x ... = 40	25) 7 x 5 = ...	26) 10 x ... = 20	27) ... x ... = 14
